

Manual contains key all essential information and forms to ensure the Company's compliance with CPNI regulations.

5. The Company has established a system by which the status of a Customer's approval for use of CPNI, as defined in 47 USC 222(h)(1), can be clearly established prior to the use of CPNI. The Company relies on the involvement of its high-level management to ensure that no use of CPNI is made until a full review of applicable law has occurred.

6. Company personnel make no decisions regarding CPNI without first consulting with management.

7. The Company has an express disciplinary process in place for personnel who make unauthorized use of CPNI.

8. The Company's policy is to maintain records of its own sales and marketing campaigns that use CPNI. The Company likewise maintains records of its affiliates' sales and marketing campaigns that use CPNI. The Company also maintains records of all instances where CPNI was disclosed or provided to third parties, or where third parties were allowed access to CPNI. These records include a description of each campaign, the specific CPNI that was used in the campaign, and the products and services that were offered as a part of the campaign. The Company maintains these records in its offices for a minimum of one year.

9. In deciding whether the contemplated use of the CPNI is proper, management consults one or more of the following: the Company's own compliance manual, the applicable FCC regulations, and, if necessary, legal counsel. The Company's sales personnel must obtain supervisory approval regarding any proposed use of CPNI.

10. Further, management oversees the use of opt-in, opt-out, or any other approval requirements, or notice requirements (such as notification to the Customer of the right to restrict use of, disclosure of, and access to CPNI), contained in the FCC's regulations. Management also reviews all notices required by the FCC regulations for compliance therewith. Before soliciting for approval of the use of a Customer's CPNI, the Company will notify the Customer of his or her right to restrict use of, disclosure of, and access to, his or her CPNI.

11. The Company maintains records of Customer approval and disapproval for use of CPNI in a readily-available location that is consulted on an as-needed basis.

12. The Company trains its personnel for compliance with all FCC requirements for the safeguarding of CPNI, including use of passwords and authentication methods for telephone access, online access, and in-store access to CPNI, and the prevention of access to CPNI (and Call Detail Information in particular) by data brokers or "pre-texters." The Company may satisfy this requirement through a combination of methods, so long as all Customers have the ability to opt-out at no cost and are able to effectuate that choice whenever they choose.
